I am a passionate and detail-oriented software developer with expertise in Python, Django, Laravel, MySQL, and JavaScript, skilled in both backend and frontend development. I have hands-on experience building dynamic, efficient, and user-friendly applications, with a strong focus on clean, maintainable code and scalable solutions. My proficiency in Python and Django enables me to create robust server-side architectures, while my knowledge of Laravel allows me to develop feature-rich web applications. I am committed to continuous learning and staying up-to-date with industry trends, and I thrive in collaborative environments, leveraging my problem-solving skills to deliver high-quality software solutions that meet user needs and exceed expectations.
This version condenses the key points into a single paragraph while maintaining clarity and professionalism.

EDUCATION

KABARAK UNIVERSITY
Bachelor's Degree in Computer Science
2022 – 2026
